B&D BOILERS

Allweiler Pump / A.C. Motor (NEW) Quantity (2)

Market: \$ 1,500 each
Sale: \$ 950 each

Pump	Motor
#2 Oil	
Type: PF10r38G.3-W20	Invensys
Bar 27	Cat No. 22549
KW 1.07	HP – 17 (126kw)
	V 208Y
12 1/min.	Type – YEEV
3500 1/min.	Amb.: 40 degrees C
3 mm ² /S	P.F.: 82

Series SPF

Three-Screw pump for applications up to 40 bar

Pumped Liquid

Chemically neutral, lubricating, e.g. fuel oils, lubricating oils, hydraulic oils, cutting oils, cooling oils, waxes, tar oils, polyols

Main Fields of Application

Firing, hydraulics, mechanical engineering, general industrial technologies, chemical and petrochemical industries, marine and offshore engine

Performances Data

Capacity	Q	up to	110	l/min	29 GPM
Inlet pressure	ps	up to	5	bar	72 psi
Discharge pressure	pd	up to	40	bar	580 psi
Differential pressure	pdiff	up to	40	bar	580 psi
Viscosity	v	up to	3,760	mm ² /s	
Fluid temperature	t	up to	150	C	190 degrees F

Construction features

- Pedestal mounting
- Dry installation
- In-tank installation
